No. S10 10 Cr. 228 (LTS)

MEMO ENDORSED

Dear Judge Swain:

The Government respectfully writes to inform the Court regarding the status of the audio/video set up of the Ceremonial Courtroom. The Government has retained a private contractor, Trial Graphix, to complete the set up we described at the final pre-trial conference. Relevant portions of Trial Graphix's proposal are attached as Exhibit A. The attached set up can be completed by next Friday, at an estimated cost of \$8,202 per month over the course of the trial. This, the Government believes, is the best available set up for the trial within the constraints of the courtroom infrastructure and the Government's budget. If the Court does not have any objections to the proposed set up, the Government requests that the Court memo endorse this letter with an authorization allowing the Government to bring Trial Graphix in to complete the necessary temporary modifications to the courtroom. Please contact the undersigned Assistant U.S. Attorneys if Your Honor has any questions or concerns.

The set-up is approved, subject to placement of the large screens to the side (see attached Markup) so as to minimize new blockage and leave room for seating in front of the rail. The screens must be high enough to avoid view blockage.

Respectfully submitted,

/s/
